

CALL FOR PAPERS

16th Doctoral Meetings in International Trade and International Finance July 5-6, 2016, at the European University Institute in Florence

organized by the network

Research in International Economics and Finance – RIEF

The RIEF network organizes a yearly doctoral meeting which offers the opportunity for a limited number of PhD candidates or young PhDs to present their papers before an audience of senior researchers in the field. One or two invited senior sessions are organized jointly with junior sessions.

The 2016 edition will be hosted by the European University Institute's Department of Economics and the Robert Schuman Centre for Advanced Studies (Global Governance Programme) on July 5 and 6. A prize of 500 euros will be awarded to the best paper presented. To be eligible, authors and co-authors should be Phd students at the time of papers' submission.

PhDs candidates and young PhDs should submit their papers (exclusively in English) in electronic format (pdf) exclusively to sophie.desalee@cepii.fr by March 14, 2016 at the latest. Decisions on papers will be notified on April 25, 2016.

Thanks to our sponsors, there will be no submission fees. Participants will have to cover hotel and travel expenses. Meals and coffee breaks will be free. For further details please visit the RIEF website: <http://sites.google.com/site/riefnetwork/>

Besides, the journal *International Economics* (<http://www.journals.elsevier.com/international-economics/>) will consider submissions of papers presented in the meeting, using a fast editorial process.
